

TO WHOM SOEVER IT MAY CONCERN

Certified that I inspected Bhartiya Vidya Bhawan's school Buildings at Kasturba Gandhi Marg, New Delhi 110001 on 21st Dec 2020.

During my visual inspection, it was observed that the school building is a Reinforced concrete framed structure with proper sizes of columns and beams required . I found no cracks or any deficiency in the structure. Therefore it is arrived at the conclusion that the building is safe to withstand all the loads and forces as envisaged in relevant IS codes and is safe for use as school building.
