Circular : HPV Vaccination Drive

BVB/MV/Vaccination (HPV)2026-27/513

Date – 09.04.2026

Dear Parents,

This is to inform you that the Government of India has initiated the **Human Papillomavirus (HPV) Vaccination Campaign** to protect adolescent girls against cervical cancer. The programme is being implemented in Delhi in collaboration with the Health Department. Since a majority of girls in this age group are school-going, schools are requested to extend full cooperation in successful implementation of the campaign.

Under the campaign, one dose of HPV vaccine will be administered to all eligible girls in the age group of **14 to 15 + 90 days** years in NCT of Delhi over a period of three months.

https://drive.google.com/file/d/1Dn9FXQ_HEteBFucPhrhB4d2ySucEOoVB/view?usp=sharing

The vaccination will be conducted at designated Government Health Facilities by trained Vaccination teams and recorded on the U-WIN Portal. The HPV vaccine will be administered **Free of cost** to eligible students in the school, as per government guidelines.

You are requested to provide your consent for your ward to receive the HPV vaccination by filling in the **Consent form** sent through the school.

Kindly note that the same information such as Child's name, Date of Birth, School ID number, Mobile number etc. will be used by the school authorities for filling Beneficiary registration form.

Kindly note:

- Vaccination will be conducted **only after receiving parental consent**.
- Students must carry their **School ID/Aadhaar Card** on the day of vaccination.
- The **date and schedule** of vaccination will be communicated shortly.

We encourage all parents to support this important health initiative for the well-being of their children.

Warm regards,

Principal

Bharatiya Vidya Bhavan's Mehta Vidyalaya
