It has dawned on us that as conscientious and ethical adults, we need to guide students to an unprecedented spiritual pathway (the path way of righteousness) that will lead them from ignorance to enlightenment.*

*To satisfy our tripartite being, consisting of soul, mind and body, cognitive education needs to be complimented with divine wisdom. This enables us to become self-realised for self-fulfilment, peak performance and attainment of happiness.*

*Through this melodious and rhythmic journey we endeavour to present to you the guidance of 'Gyanaamritam'.*
