

# **Bharatiya Vidya Bhavan's Mehta Vidyalaya**

Dear Parents

27th March, 2020

Greetings from Bharatiya Vidya Bhavan's Mehta Vidyalaya

At the onset, I would like to convey my heartiest congratulations to you and your ward for being promoted to higher level of learning.

As we face the challenge of coping with the threat of corona virus and follow the guidelines issued by the government from time to time to tide over it, we teachers are working constantly to gainfully engage your ward and keep him/her occupied meaningfully. The institution envisages an all round and balanced education based on sound intellectual, physical, moral and social formation. The aim is to make student erudite, patriotic, law abiding and ceaselessly seeking excellence with deep concern for the well-being of entire universe based on Bhavan's philosophy of "Vasudhaiva Kutumbakam ". We wish that whatever the students learn from Bhavan's will enable them to stand in good stead in every situation. It will guide and make their life successful and happy.

This is a God sent opportunity for all the parents to closely spend quality time with children and watch all their activities. Foster empathy, honesty, self-reliance, self-control, kindness, cooperation and cheerfulness. Discuss with them how important it is to follow the law and order to maintain a safer world for everyone. Children look up to their parents and typically imitate things that they see them doing on a daily basis. Teach the kids that it is so important to clean the thrash; do not litter; to be kind to trees, plants and other living things. Be mindful of the things that you say and do while you are with your children. Kids recognise each and every little thing that their parents do, especially if they are breaking rules. I request you to be a law-abiding citizens and role model parents. Learning starts at home. As parents, I implore you to restart your child off on the right track as you have been always doing for setting them up for success later in life.

Ever since the schools closed down as per Govt. orders to maintain social distancing, teachers have been regularly working from home planning to start the new academic session virtually online. A schedule for each class has been prepared by teachers. Online study links and assignments will be sent for all classes on a regular basis w.e.f Monday 30th March, 2020.

You are requested to be with your child and monitor them to cope up with the studies. Teachers will be available to answer all the queries between 9 AM to 12 PM.

I am sanguine that your personal care, cooperation and nurturing will go a long way in shaping a bright future of your ward.

Stay home, stay healthy.
